

OUR FACILITIES

OUR FACILITIES

Millingtons have a range of facilities that are designed with each individual family's comfort and wishes in mind. Whether your loved one or family would like the funeral conducted in a church, chapel or cemetery, we can arrange this. Some may choose an entirely different location- a private home, hotel, yacht club or garden.

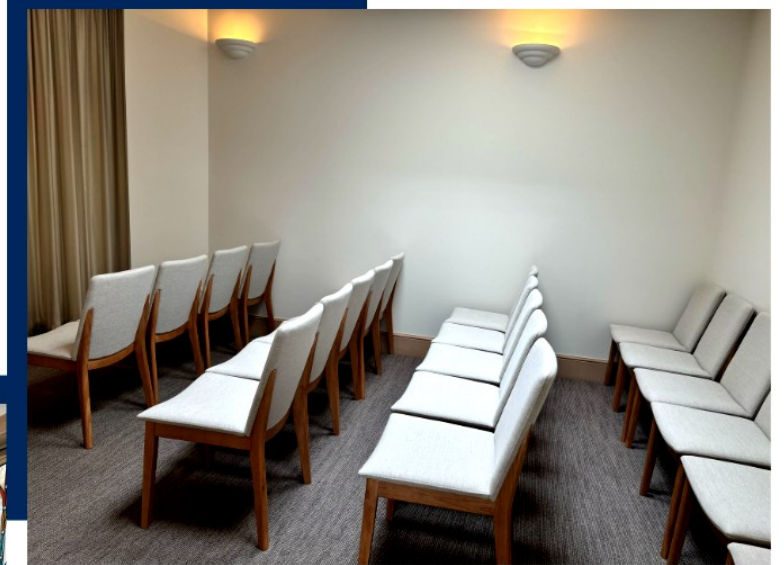

We will work with you to ensure the funeral location is just right. Our facilities range in size and layout, with several dedicated sites in southern Tasmania.
